DESCRIPTION

NOVAFLUO product series are highly concentrated fluorescent pigment pastes for water based systems. The high dispersion of these products guarantees excellent colour yield, high fluorescence and brightness.

MAIN FEATURES AND TECHNICAL INFO FOR USE

NOVAFLUO pastes, thanks to their compatibility with commonly used binders, find application in paints, inks and paper field and are easily added to the coating formulations.

NOVAFLUO pastes must be stored in a cool, dry place. In recommended storage conditions and in the original packaging, the shelf-life of the product is at least six months.

The technical data above stated are presented in good faith and to the best of our knowledge. They should serve only as approximate guidance and therefore customers are kindly advised to test and ascertain the performance of our products in the operating conditions existing at their end, to satisfy themselves about their suitability in a given industrial application.
